

I partners di RISORSE NUOVE hanno fondato nel 1980, con la costituzione della Tecnocentro S.r.l., il Gruppo Tecnofin, attivo nei settori industriali qui rappresentati fino al 2012. La RISORSE NUOVE promuove oggi nel mondo le tecnologie sviluppate in oltre 30 anni di esperienze industriali.

The RISORSE NUOVE shareholders founded in 1980 Tecnofin Group, a rare example of vertical and integrated services, today disseminated around the world by RISORSE NUOVE Group.

"A network of enterprises, organized as a real Scientific, Technological and Productive Park"

RISORSE NUOVE GROUP:

Make the group's strategy clear, both in the industrial field and in that one of the company and finance.

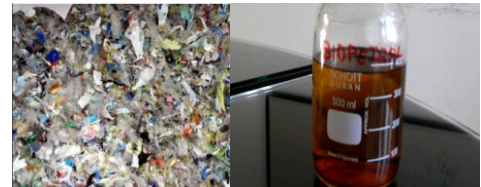

Promote projects and activities in order to identify and strengthen the synergies among the subsidiary companies.

Settle strategic agreements with public and private corporations, to strengthen the mission of each subsidiary company.

PLASTIC TO FUEL OIL

Pirolisi catalitica di matrici plastiche residuali e produzione di olio combustibile

Catalytic pyrolysis of plastic matrices and fuel oil production
