

15th European Biomass Conference and Exhibition - May 2007 Berlin (D)

Biomass pyrolysis for electric energy production: → Integrated solutions

Author: Andrea Moriconi

KOSIT Integrated Pyrolysis Solution

Production data and energy efficiency

Urban wastes:	80.000 t/y
Civil sludges:	40.000 t/y
Biomass:	40.000 t/y
Gross electric power :	7.0 MWe
Heat utilization:	400.000 GJ/y
